Reference: EXLTUBE Price Increase Announcement

A53B

Effective immediately with all new orders, EXLTUBE will increase prices for all A53B products by \$200/nt. This increase is due to escalating substrate costs, freight costs, and strong demand.

Items that have extended lead times or limited availability may be quoted at higher than price sheet pricing in order to maintain availability.

This increase will apply to all unconfirmed quotes and contracts.

EXLTUBE appreciates your business and we look forward to your continued support.

If you have any questions, please contact your EXLTUBE representative.

Sincerely,

Mike Peaslee
