Re: Notice of Entity Name Change – Conbraco Industries, Inc. (“Apollo®” Valves)

Dear Valued Customers and Suppliers:

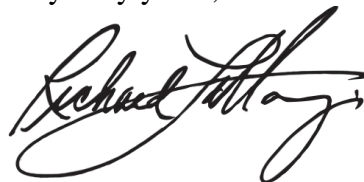

We are excited to share important news regarding the evolution of our company and are pleased to announce that Conbraco Industries, Inc. is undergoing a name change to become Aalberts integrated piping system Americas, Inc. (“Aalberts IPSA”). This name change to Aalberts IPSA will align us with our global family of companies and mirror the growth and transformation of our company. Our new name acknowledges our presence throughout the Americas and the specialization of the entire product line. This entity name change will be effective April 1, 2021 (“Effective Date”).

Our commitment to our customers, suppliers and partners remains our highest priority and this rebranding will not affect or delay any current or future orders or payments due to be remitted. All Conbraco products, including “Apollo®” brand valves, and all other branded “Apollo®” connection products such as “Apollo” Press, “Apollo” Powerpress, “Apollo” backflow preventers as well as Shurjoint, will retain their product names.

Our name change will not involve any modifications to the company, nor will it in any way affect existing relations with customers, suppliers, partners, financial management, manufacturing, contracts or personnel. Additionally, the name change will not impact our shipping and billing addresses, tax identification number or invoicing information, all of which remain the same.

Thank you for your ongoing support and we look forward to partnering with you as Aalberts integrated piping systems Americas, Inc.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Richard Lattanzi', written in a cursive style.
